However, the large yachts in the two cruising classes (16 in all) set sail, returning 4 hours later with a toll of a torn mainsail, a broken mast and 4 DNF's.

The next day, August 1st, the Regatta got under way again, this time under vastly different conditions. The mounting seas had subsided and a steady 10-mile an hour SW wind sped the 43 craft smoothly on their way.

The complete list of winners for the two days include: John Ruel, Susan McGowan, Art Blackburn, Dave Jenney, Sue Anderson, Dave Crowley and Louise Knowlton.

On Saturday, in the Class A contest (cruising boats over 26') ten boats battled, not only for first place, but also for the coveted Stackpole Trophy. John Ruel at the helm of Tiara was the victor, posting a 7:44 cor-

Crews of fast talking solicitors have been working the Mattapoissett area on a regular basis. Three gangs have canvassed the town in recent months. The latest was last week and resulted in 15 complaints to the Mattapoissett Police Station. Since the Supreme Court decision on a Marion, Ohio case, the police are restrained from any action except the registration of these gangs. The method of operation is as follows: the group splits into teams of two people. They approach the housewife with a very fast pitch based on a sympathy theme. This is mostly unintelligible but the drift is that they are earning points toward some vague civil rights goals. Should the housewife let them in her home, finally discover that they are selling magazines and refuse to buy, the male of the team in the latest case became extremely belligerent and threatening.

What to do? Should an unfamiliar solicitor come to the door do not let them in - don't even talk to them. Should you make

SOIL REMOVAL DENIED

The Mattapoisett Board of Selectmen have refused an application to remove soil below ground level by the Henley-Lungran Company. The property is located near the Mattapoisett Pumping Station and upstream from the Fairhaven Pumping Station. The Selectmen contacted the Fairhaven Water Department and received an unfavorable reaction from them. Selectmen also received a letter of disapproval from the Massachusetts Board of Health after a survey was made at their request. The letter mentioned possible pollution of the water

supply, depletion of the available flow and a change of ground flow in this area as a basis for disapproval. The original plan was to remove the soil to make an artificial pond on the property.

PRINCIPAL TO PARTICIPATE IN WORKSHOP

Frank P. Gifune, Jr., principal of Old Ro-
chester Regional High School, is one of 76
New England school administrators selected
to participate in a two-day workshop on
school evaluation at Williams College on
August 19 and 20.

The workshop is sponsored by the Com-
mission on Public Secondary Schools of the
New England Association of Colleges and
Secondary Schools, the region's accrediting
agency. As a part of the accreditation pro-
cess, each member institution of the Associ-
ation is required to undergo an evaluation
by a visiting committee of educators at least
every ten years. Those invited to the Wil-
liams workshop will serve as chairmen of

these committees.

The curriculum of the workshop has been
designed to acquaint the participants with
the latest developments in school evaluation
procedure and practice.

Gatemen are currently leading the league with the rest of the teams in hot pursuit. The Cape Cod League is one of the few circuits approved by major league baseball as a proving ground for future big league stars. Last year the Cape All Stars defeated the Continental League All Stars in a game at Yankee Stadium. The Wareham Gatemen are composed of personnel drawn from the major colleges and universities in the country. Here is the line-up: Jerry Mills from North Carolina State, second baseman; Dale Thake from Indiana University, short-stop; Gene Krzyk, St. John's University, short or second; Keith Hanson, Fairleigh Dickenson University, catcher, first base or outfielder; Jorge Rodrigues, Stetson University, outfielder or first; Tommy Powell, Vanderbilt, outfielder or infield; Joseph Chiaramonte, St. John's University, outfielder; Andre Parhamovich, outfielder from Marietta College; James Durkin, Stetson University, pitcher; David Larussa, East Carolina University, pitcher; Richard Lenhard, Indiana University, pitcher; Jeff Hartmen, Marietta College, pitcher; and Bob Majezan, Villanova University, pitcher.

For baseball fans who love the game live the Cape Cod League is just the ticket. The Wareham games are a comfortable ten minutes drive from anywhere in this area

Capeway League

PLAYOFFS BEGIN SATURDAY

Special playoffs, involving four Capeway Softball League teams, have been set to determine the order of finish for the upcoming regular playoffs beginning Sunday. Fish on the Wharf collides with Capeway Cafe at the Center School field at 6:15 Wednesday night while the Rochester Men's Club tangle with Linhares' Construction in Rochester at 6:15, also Wednesday. Fish on the Wharf and Capeway each ended their regular seasons with 10 wins and 6 losses to tie for first place. Rochester and Linhares' posted 9 and 7 records to tie for third place. Mattapoisett Merchants wound up in the cellar with 2 wins against 14 setbacks.

Bradd Clapp went three for three to help Capeway Cafe earn the tie for top spot with a convincing 8 to 3 verdict over Rochester Sunday in the final regular season game for each team. A win by either would have meant a share of first place with Fish on the Wharf and Capeway, after struggling through the final half of the season, came away with the prize. Jim Correia picked up the vital win.

Fish on the Wharf grabbed its share of first place by whacking Rochester last Wednesday 11 to 2 at Rochester. The Fishermen pounded out 16 hits with Richie DeMello blasting a 3-run homer and Jimmy Macomber hurling the victory.

Linhares' closed out its very successful season with a 4 to 0 blanking of the Mattapoisett Merchants. Bill Sherman turned in a sparkling mound effort, scattering four bingles. Bruce Reed whacked a line drive 3-run home run to help the Linhares' cause.

Sunday, in Mattapoisett, the regular play-offs will begin. The winner of the Fish on the Wharf-Capeway Cafe playoff will meet the loser of the Rochester-Linhares' play-off in a best two-of-three series while the loser of the Fishermen-Cafemen clash will vie with the winner of the Rochester-Linhares' playoff in another best two-of-three series.

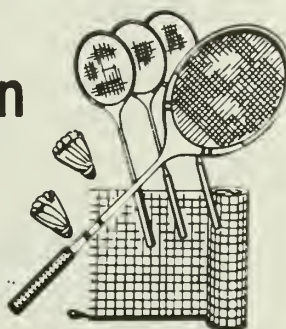

The Capeway League is also planning to enter a team of All Stars in the Livesey Club Moderate Pitch Tournament slated for Fairhaven's Cushman Park August 13, 14 and 15. The team will be called the Capeway Con-

HOW TO BEAT THE HEAT

Nothing's new under the sun? Don't be too sure!

Recent research, conducted under a broiling summer sun, has yielded some intriguing new ideas on beating the heat. Here are some of them - to help you play it cool during the warm weather months:

1. Keep your shirt on! Your T-shirt, that is - because it not only increases comfort by absorbing perspiration, it also protects your skin from salt irritation.

2. Take neither hot nor cold showers. A hot shower or bath can saturate you with a long-lasting and oppressive feeling of heat - much the same as standing in the sun. Cold water, on the other hand, shrinks the blood vessels in your skin, which retards the body's natural cooling process. So, when bathing or showering, your best bet is to use water that's as close to body temperature as you can get it.

3. Eat slowly, but well. Hasty eating can overtax your stomach, and the harder it has to work, the hotter you'll feel. Remember, too, that you burn up as many calories in hot weather as in cold. Consequently, don't give in to an urge to substitute light, low-energy salads for the relatively heavy - but nutritious - foods you need.

4. Drink plenty of liquid. You may not know it but, on a really hot day, you can pour off as much as 15 quarts of water! And, your normal thirst mechanism won't make you sufficiently thirsty to replace it all. Make sure, then, to compensate by drinking at least one glass of liquid every hour.

5. Conserve your energy - especially on weekends, when you have the opportunity to really rest up. "Must do" chores should be handled as easily as possible. It's a lot less work, for instance, to water your lawn with a plastic hose, instead of a rubber one.
6. Sleep more. Extra rest is important, and doctors advise that you sleep an extra hour each night during the hot weeks. If you don't have an air conditioner, you might snooze more comfortably on muggy nights if you put your mattress on the floor. Since hot air rises, you will be surrounded by the coolest air in the bedroom.
7. On the hottest days, don't go to the beach! When the sun beats down on the sand, temperatures at ground level can easily reach 140. And, while a dive in the water may temporarily cool you off the hot
